Fight for an inclusive Pride!

All sexual minorities should be welcome at pride. The community should be inclusive and give space to children, youth and the people who love them, nepiophiles, pedophiles, hebephiles and ephebephiles (NPHÉ). Love knows no age and should be celebrated.

It's time to once again support instead of exclude one another. It's been 25 years since NPHÉ's were officially part of the community. We need to be whole again. Support love!
